CORROSION PROTECTION FOR SMALL ENGINES

PHASEGUARD4[®] STOR & GO[™]

The Ultimate Fuel Stabilizer

PhaseGuard4[®] provides the maximum protection available to prevent phase separation of fuel that can lead to equipment failure.

Protects tools and equipment from damage caused by ethanol fuel, cleans fuel system components, stabilizes fuel and restores power.

May be used in all 2 or 4 cycle engines that use gasoline, gasoline/oil blends. Not for use in diesel fuel.

- Stabilizes fuel up to 24 months
- Cleans entire fuel system
- Protects against damage and corrosion caused by ethanol
- Restores power
- Proven better water removal
- Proven better corrosion protection
- Treats up to 9.5 L of gas

PhaseGuard4[®] Stor & Go[™] are individual packets with just the right amount of treatment, ideal for use in gas powered small engines, lawn mowers, snowblowers, tillers, chainsaws, trimmers, atvs, edgers, motorcycles, scooters.
